

## Ohio Revised Code

### Section 1506.38 Chief of division of water is erosion agent for purposes of cooperation with federal authorities.

Effective: September 29, 2007

Legislation: House Bill 119 - 127th General Assembly

---

The director of natural resources shall act as the erosion agent of the state for the purpose of cooperating with the secretary of the army, acting through the chief of engineers of the United States army corps of engineers in the department of defense. The director shall cooperate with the secretary in carrying out, and may conduct, investigations and studies of conditions along the shorelines of Lake Erie and of the bays and projections therefrom, and of the islands therein, within the territorial waters of the state, with a view to devising and perfecting economical and effective methods and works for preventing, correcting, and controlling shore erosion and damage therefrom and controlling the inundation of improved property by the waters of Lake Erie, its bays, and associated inlets.
